

GT PRESSURA

About

GT Pressura is inspired by metal type printing history as well as engineered letters stamped onto shipping boxes. It uses the visual gesture of ink spreading under pressure as a stylistic device, offering an alternative to more spindly typefaces of the digital age.

Designed by

Dominik Huber (Moiré)
Marc Kappeler (Moiré)

Background

The inspiration for this typefaces stems from Soviet movie subtitles and typography stamped on shipping boxes. GT Pressura uses the visual effect of ink spreading under pressure as a stylistic device.

About GrilliType

Grilli Type is an independent Swiss type foundry. We offer original retail and custom typefaces, high quality products with a contemporary aesthetic in the Swiss tradition. This tradition is reflected in the visual but also the technical standard of our fonts and our service. Together with our designers we create useful, high quality typefaces that stand the test of time.
