

GT PRESSURA

About

GT Pressura is inspired by metal type printing history as well as engineered letters stamped onto shipping boxes. It uses the visual gesture of ink spreading under pressure as a stylistic device, offering an alternative to more spindly typefaces of the digital age.

Designed by

Dominik Huber (Moiré)
Marc Kappeler (Moiré)

Details

Released 2012 / 2017
Available in 12 Styles

Licensing

Free Trial Fonts License

Trial fonts allow you to play with our fonts at no cost. You can use them to create mockups before getting client approval. Students can use them for non-commercial university projects, too.

Desktop License

This license is used for creating printed documents, logos, website graphics, and so on. Desktop fonts are licensed for a certain number of computers in your organization.

Webfont License

This license is what you purchase to use our typefaces on websites with the @font-face technology. You may use them for website mockups. Webfonts are licensed for a certain number of website visitors per month.

App License

This is the license to embed fonts in mobile and desktop applications. App licensing for our fonts is offered for a certain number of developers.

Further licensing types on request.

About GrilliType

Grilli Type is an independent Swiss type foundry. We offer original retail and custom typefaces, high quality products with a contemporary aesthetic in the Swiss tradition. This tradition is reflected in the visual but also the technical standard of our fonts and our service. Together with our designers we create useful, high quality typefaces that stand the test of time.
