
GT Standard Manual

Background Story

GT Standard is a contemporary response to the modernist pursuit of standardization. It's rooted in the principles of Swiss Style and expands on this legacy to meet the needs of today's visual landscape. The typeface is systematic yet expressive, built for clarity, adaptability, and precision across every scale and medium.

Matching structured proportions with dynamic details, GT Standard offers designers a toolkit that's both rigorous and flexible. A benchmark for functional modernism. The new standard.

Typeface Info	The family features four variable axes: Weight, Width, Slant, and Optical Size. It spans 336 styles across proportional and monospaced cuts. It includes seven weights, six widths in both proportional and monospaced designs, all available as static and variable fonts.
Credits	GT Standard is designed by Grilli Type, and exclusively distributed by Grilli Type foundry.
File Formats	<p>Available in 336 styles across seven weights and six widths, in both proportional and monospaced designs—offered as static and variable fonts.</p> <p>For more information, please visit www.grillitype.com/information</p>
Free Trials	<p>Download our trial font library to try them out before buying. You will receive an email containing all trial font files once you've submitted the form.</p> <p>Access the trial fonts here: www.grillitype.com/free-trial-fonts</p>
Licensing	We sell fonts licensing, and we are happy to answer all your questions related to our fonts, our licensing, and our shop. Please email us for any other questions, such as to find out about the world's cutest dog. Depending on the licensee's location, a different licensing agreement may apply. Please review our EULA for customers in the United States and anywhere else in the world.
Customizations	<p>We offer the design of typefaces and wordmarks. Created to fulfill all your needs from the ground up, custom type can offer you the kind of flexibility and perfect fit that retail type cannot. We also create language extensions and typeface customizations so you can speak to your customers in their own languages — whether that's Russian, Vietnamese, Japanese, or nearly any other language and script.</p> <p>Learn more here: www.grillitype.com/commissions or reach out on the e-mail below.</p>

Grilli Type	Grilli Type is an independent Swiss type foundry based in Lucerne and New York. It offers original retail and custom typefaces, high quality products with a contemporary aesthetic in the Swiss tradition.
